

PUBLIC NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes and the Clean Water Act. The Administrator has received an application for renewal of National Pollutant Discharge Elimination System (NPDES) Permit #NV0022691 from the following applicant:

Lake Las Vegas Resort
1605 Lake Las Vegas Parkway
Henderson, NV 89011

Lake Las Vegas Resort is located in Clark County, Nevada and is a 320-acre, private, man-made recreational lake. Lake Las Vegas is supplied with water from Lake Mead. A two-mile stretch of the Lower Las Vegas Wash is bypassed underneath the lake and its earthen embankment dam. The NPDES permit conditions allows the applicant to periodically release water from the lake for the purposes of water quality management. These releases are for the purpose of maintaining the lake's total dissolved solids (TDS) level, which concentrates in the lake from evaporation.

The permit conditions requires the monitoring of discharge events to ensure that beneficial uses of the Lower Las Vegas Wash are not impacted from lake management operations. The Division has made the tentative determination to issue (renew) the proposed NPDES permit for a period of five (5) years.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, postmarked no later than 5:00 P.M. on August 22, 2003, either in person or by mail to:

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations.
